Amchur Powder

Functional & Nutritional Powders · Mangifera indica (unripe)

HSN 0813 40 90 | Food grade | Origin: India | 80–100 mesh

Amchur is made from sun-dried unripe green mango, long valued in Ayurveda for its sharp, cooling character and digestive (deepana-pachana) properties. Unlike the ripe mango powder used as a sweet flavouring, our amchur is positioned for herbal and nutraceutical formulations — naturally rich in vitamin C, antioxidants and plant acids that support digestion and the absorption of nutrients like iron.
