Guar Gum Powder

Hydrocolloids & Food Additives · Cyamopsis tetragonoloba

HSN 1302 32 30 | Food grade (E-number where applicable) | Origin: India | 200 mesh

Guar gum is a natural galactomannan extracted from the guar bean, and India produces the majority of the world's supply. It is a highly efficient cold-water thickener and stabiliser, available in food, pharma and industrial grades — including the high-viscosity, derivatised grades used in oil & gas well drilling and hydraulic fracturing.
