

# Garlic Powder

Culinary & Spice Powders · *Allium sativum*

HSN 0712 90 04

Food grade

Origin: India

80–100 mesh

Our garlic is dehydrated to lock in its sharp, savoury punch and then offered as whole dried cloves, flakes or fine powder. It brings instant garlic flavour to any recipe with consistent strength and a clean, white appearance.

| E. coli                  | Absent in 1 g     | Mercury (Hg)       | max. 0.1 ppm |
| Salmonella               | Absent in 25 g    |                    |              |
| S. aureus                | Absent in 1 g     |                    |              |

## NUTRITIONAL INFORMATION (TYPICAL, PER 100 G)

| TYPICAL VALUES PER 100 G |          |
|--------------------------|----------|
| Energy                   | 345 kcal |
| Protein                  | 16 g     |
| Total fat                | 1 g      |
| Carbohydrate             | 73 g     |
| — of which sugars        | 15 g     |
| Dietary fibre            | 9 g      |
| Sodium                   | 30 mg    |

Carefully dried to preserve natural garlic pungency (allicin).

## APPLICATIONS

Seasonings and spice mixes

Sauces, gravies and marinades

Snacks and savoury coatings

Ready meals and instant foods

## ALLERGEN, PACKAGING & COMPLIANCE

| HANDLING & COMPLIANCE |                                                                                                                                                                                                                                                                                               |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Allergen & dietary    | No declarable allergens per EU Reg. 1169/2011 and US FDA FALCPA. Gluten-free, vegan and non-GMO. Produced under GMP in a facility that also handles other plant products; cross-contact is controlled.                                                                                        |
| Packaging             | 25 kg net in food-grade multi-wall kraft paper bags with an inner food-grade LDPE/HDPE liner. 1 kg, 5 kg and custom retail or bulk formats, and private-label packing, available on request.                                                                                                  |
| Storage               | Store in a cool, dry, hygienic place, away from direct sunlight, moisture and strong odours. Keep containers closed; reseal after opening.                                                                                                                                                    |
| Shelf life            | 24 months from manufacture, in unopened, properly stored packaging                                                                                                                                                                                                                            |
| Quality & compliance  | Sourced from FSSAI-licensed processing units following ISO 22000 / HACCP food-safety practices. Exported by an APEDA-registered, IEC-holding merchant exporter. Kosher, Halal, BRCGS and organic certification available against specific orders. No added preservatives or synthetic colour. |

### DISCLAIMER

This document states typical / indicative specifications for guidance only and is not a Certificate of Analysis. Figures vary with crop, grade and drying method. Each shipment is accompanied by a batch-specific COA from the processing unit, which governs the actual delivered specification. Specifications can be tailored to your formulation on request.
