

# Moringa Powder

Ayurvedic & Herbal Powders · Moringa oleifera

HSN 1211 90 99

Food / nutraceutical grade

Origin: India

80–100 mesh

Moringa leaves are among the most nutrient-dense greens on earth. We dry them carefully to protect their vivid colour and nutrition, then mill them into a fine powder used worldwide in supplements, green blends and functional foods.

## PRODUCT IDENTIFICATION & SENSORY

## APPLICATIONS

Capsules, tablets and supplements

Green and smoothie blends

Functional foods and bars

Teas and herbal mixes

## ALLERGEN, PACKAGING & COMPLIANCE

| HANDLING & COMPLIANCE |                                                                                                                                                                                                                                                                                               |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Allergen & dietary    | No declarable allergens per EU Reg. 1169/2011 and US FDA FALCPA. Gluten-free, vegan and non-GMO. Produced under GMP in a facility that also handles other plant products; cross-contact is controlled.                                                                                        |
| Packaging             | 25 kg net in food-grade multi-wall kraft paper bags with an inner food-grade LDPE/HDPE liner. 1 kg, 5 kg and custom retail or bulk formats, and private-label packing, available on request.                                                                                                  |
| Storage               | Store in a cool, dry, hygienic place, away from direct sunlight, moisture and strong odours. Keep containers closed; reseal after opening.                                                                                                                                                    |
| Shelf life            | 24 months from manufacture, in unopened, properly stored packaging                                                                                                                                                                                                                            |
| Quality & compliance  | Sourced from FSSAI-licensed processing units following ISO 22000 / HACCP food-safety practices. Exported by an APEDA-registered, IEC-holding merchant exporter. Kosher, Halal, BRCGS and organic certification available against specific orders. No added preservatives or synthetic colour. |

### DISCLAIMER

This document states typical / indicative specifications for guidance only and is not a Certificate of Analysis. Figures vary with crop, grade and drying method. Each shipment is accompanied by a batch-specific COA from the processing unit, which governs the actual delivered specification. Specifications can be tailored to your formulation on request.
