| S. aureus                | Absent in 1 g      |                    |              |

## NUTRITIONAL INFORMATION (TYPICAL, PER 100 G)

| TYPICAL VALUES PER 100 G |          |
|--------------------------|----------|
| Energy                   | 340 kcal |
| Protein                  | 15 g     |
| Total fat                | 6 g      |
| Carbohydrate             | 55 g     |
| — of which sugars        | 5 g      |
| Dietary fibre            | 25 g     |
| Sodium                   | 50 mg    |

Source of iron and calcium; carries the leaf's natural aroma oils.

## APPLICATIONS

Spice blends and seasonings

Hair care and cosmetics

Herbal and wellness mixes

Snacks and savoury foods

## ALLERGEN, PACKAGING & COMPLIANCE

| HANDLING & COMPLIANCE |                                                                                                                                                                                                                                                                                               |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Allergen & dietary    | No declarable allergens per EU Reg. 1169/2011 and US FDA FALCPA. Gluten-free, vegan and non-GMO. Produced under GMP in a facility that also handles other plant products; cross-contact is controlled.                                                                                        |
| Packaging             | 25 kg net in food-grade multi-wall kraft paper bags with an inner food-grade LDPE/HDPE liner. 1 kg, 5 kg and custom retail or bulk formats, and private-label packing, available on request.                                                                                                  |
| Storage               | Store in a cool, dry, hygienic place, away from direct sunlight, moisture and strong odours. Keep containers closed; reseal after opening.                                                                                                                                                    |
| Shelf life            | 24 months from manufacture, in unopened, properly stored packaging                                                                                                                                                                                                                            |
| Quality & compliance  | Sourced from FSSAI-licensed processing units following ISO 22000 / HACCP food-safety practices. Exported by an APEDA-registered, IEC-holding merchant exporter. Kosher, Halal, BRCGS and organic certification available against specific orders. No added preservatives or synthetic colour. |

### DISCLAIMER

This document states typical / indicative specifications for guidance only and is not a Certificate of Analysis. Figures vary with crop, grade and drying method. Each shipment is accompanied by a batch-specific COA from the processing unit, which governs the actual delivered specification. Specifications can be tailored to your formulation on request.
